

News & TA

Budget Advocacy

SUBSCRIPTION FORM

Budget Advocacy News & TA is a new interactive publication and service offered by DC Action for Children. The purpose is to share information about the status of the budget as well as provide technical assistance on “doing” budget advocacy.

How this is interactive:

Send questions about the budget, the budget process and budget implementation questions to Susie Cambria, Director of Public Policy, by e-mail, scambria@dckids.org. Susie will try to respond to the question in the subsequent issue of the publication and will also put the question out there for others to respond to. When reported in the publication, all questions will be anonymous.

How to subscribe:

This publication is FREE. It is available by e-mail only (unless you subscribe to the *Alert* when it can be faxed).
